Total Vehicle Weight Change +122 lbs (55 kg)		

You should be aware that accessories add weight, reducing the amount of cargo and total weight you can carry. These accessories also raise the vehicle's center of gravity, increasing the risk of rollover. The Tilt Table value for these vehicles with added accessories has changed to **36.2° (Refer to Owner's Manual for more information)**.

It is required that you stay within the set Gross Vehicle Weight Rating (GVWR):
GVWR = Curb Weight + Maximum Weight Capacity (includes occupants and cargo).
